Is there another town in the United States of like size and importance that has worse mail schedules than Wilmington?

The strangest part about that collision is how any old fruit steamer could get the best of a ship with President Roosevelt on board.

A contemporary asks: "Is the boll weevil dead?" Why pester us with such questions? Ask Secretary Wilson. He's paid to answer such conundrums.

It is reported that when the cruiser West Virginia was off Hatteras, the waves were dangerously high. Of course the President was sea sick and couldn't retain anything but the big stick.

The Charlotte Observer has an interesting article on "The Brushy Mountain Apple Region." The letter-press is fine; but the pictures—well, they look like they had been struck by the eight-hour demand.

Columbus and Cumberland County Cases of Trifling Importance in U. S. Court

YESTERDAY'S PROCEEDINGS

Organization For Term and Selection of Grand Jury—District Attorney to Send Bill of Indictment In Mutiny Case To-day.

Yesterday in the United States Court was devoted almost exclusively to organization for the term and the disposition of unimportant cases from Columbus and Cumberland counties for "retailing."

With Mr. A. F. Williams, of Duplin, as foreman, the grand jury was empanelled as follows: Daniel R. Johnson, Haynes Hinson, K. F. Long, C. E. Bullard, James Faircloth, John D. Williams, W. M. McQueen, W. H. Middelton, D. C. Potter, Norwood Huske, A. W. Garriss, I. G. Whitlock, A. D. Lackerman, J. S. McDuffie, H. C. Smith, R. D. Gibson, J. A. McGregor. Immediately after Judge Purnell's charge, the grand jury retired with John W. Galloway, of Southport, as bailiff in charge.

Geo. R. Bate was sworn as bailiff in charge of prisoners; John H. Brown, in charge of the petit jurors, and Mr. Geo. D. Parsley was present as official court crier.

The following jurors were excused: Best Matthew, of Bladen; J. Allen Taylor and Geo. W. Kidder, of New Hanover; D. O. Cameron, of Richmond, and W. O. Edmund, of Robeson. The death of Juror E. W. Ward, of Pender county, was suggested and his name was stricken from the roll.

Following are the cases disposed of during the day:

Richard Flowers, Columbus county; retailing; pleaded guilty; 90 days in jail, $100 fine and costs.

Charles Hagan, Columbus; retailing; pleaded guilty; 60 days in jail, $100 fine and costs.

John Bellamy, Columbus; retailing and distilling; pleaded guilty; 4 months in jail, $100 fine and costs.

Noah Williams, Columbus; retailing; pleaded guilty; 30 days in jail, $100 fine and costs.

Tom Reaves, Columbus; retailing; pleaded guilty; 30 days in jail, $100 fine and costs.

Harry Jennerette, Columbus; retailing; pleaded guilty, three months in jail, $100 fine and costs.

George Newell, Columbus; retailing; not guilty.

Burwell Hawes, Columbus; retailing; pleaded guilty; six months in jail, $200 fine and costs.

Daniel Dickson, Cumberland; retailing; pleaded guilty; now in hands of State authorities.

George Hodges, Cumberland; retailing; pleaded guilty; 60 days in jail; $100 fine and costs.

Wm. Brown, Cumberland; retailing; verdict of guilty by jury; judgment reserved.

Thos. Matthews, Cumberland; retailing; verdict of not guilty by jury and defendant discharged.

True bills were returned by the grand jury during the day as follows: Lawson Wright, Columbus, retailing; Burwell Hawes, Columbus; retailing and distilling, two cases; Pink Reaves, Columbus, retailing; Pink Simmons, Columbus, retailing; Luke Watts, Columbus, retailing; H. O. Spivey, Columbus, retailing; Link Williams, Cumberland, distilling and retailing.

Court took a recess at 5:15 and Judge Purnell made the announcement from the bench that all witnesses would be required to be in attendance at 9 o'clock this morning. When court took a recess at the hour named, the jury had just retired in the case of Thos. Matthews, a young white man from Cumberland, charged with retailing, and the verdict of not guilty was returned after the recess for the day. It appears that witnesses for the government did not buy the liquor directly from Matthews but that it was a case of laying down the money and returning to find the whiskey in the required quantities. Then there was a suggestion of a trip to Hoffman, where a licensed distillery was in operation, so as to create what was evidently a doubt in the minds of the jurors.

It is not expected that any of the important criminal cases will be reached before the last of the week. District Attorney Skinner yesterday took the papers in the case of the negroes charged with mutiny and murder aboard the schooner Harry A. Berwind and expects to send the bill of indictment to the grand jury today. Upon this the jury will find a true or not a true bill and upon its return to the court, arrangements will be made for beginning the trial.

The court is being largely attended and both morning and afternoon sessions are being held. Judge Purnell, District Attorney Skinner and other court officers are evidently making every effort consistent with justice to hurry over the docket and dispose of the large number of cases. The sessions are being largely attended. The court room and corridors of the building were filled to an overflow capacity all day yesterday and the work of the officers is tedious and requiring the greatest patience. It is expected that an immense crowd will attend the trial of the alleged mutineers, though by that time much other business will have been disposed of and many of the attendants from out of town returned to their homes.

Going North From Verona.

Mr. T. A. McIntyre and members of his family who have been spending two weeks at their handsome country lodge at Verona, Onslow county, came up yesterday evening on a special train and left on the northbound A. C. L. train last night returning to New York.

COAST LINE STOCKHOLDERS

Annual Meeting This Month in Richmond—Steady Growth of Traffic—Shipment of Perishable Goods.

The seventy-first annual meeting of the stockholders of the Atlantic Coast Line Railroad Company will be held in Richmond on November 21st. There are approximately nine hundred shareholders, the total stock outstanding is 45,706,700 which shows an average holding of $5,078.

Preliminary figures giving earnings for the fiscal year ended June 30th have been published. The pamphlet report to stockholders, however, to be submitted at the annual meeting will give in detail the progress made during the year. Its seventy-first year was in every respect the best the Atlantic Coast Line has had, says the Richmond Times-Dispatch. It earned 5 per cent. on its preferred stock and 10.66 per cent. on its common stock. The gross earnings increased 8.11 per cent. compared with 1904, and its freight traffic was more than 7 per cent. better than it was in 1904.

The average mileage operated last fiscal year was 4,250 miles against 4,192 in 1904 and 4,139 in 1903. Great progress was made in extension of passenger service and increased facilities for the rapid transportation of perishable freight. A large part of Atlantic Coast Line freight traffic consisted of perishable fruits and vegetables, which require an expensive and exacting service. This explains why the cost of operating is not reduced more rapidly. The operating expenses for the fiscal year 1905, aggregate $14,189,768 compared with $12,827,093 in 1904.

The management increased the charges for maintenance of way and structures 12.81 per cent. over 1904, and for maintenance of equipment 20.53 per cent., while the total increase in the cost of conducting transportation was 11.09 per cent.

As heretofore explained, the increase in the cost of conducting transportation may be all, or nearly all, charged to the growth of its traffic in perishable fruits and vegetables. The increase in charges for maintenance of way and equipment may be considered satisfactory in that it shows a liberal spirit on the part of the controlling interest.

The company stock liability is about $10,750 per mile of road, and its bonded indebtedness approximately $19,000 per mile.

PEOPLE'S SUPPLY COMPANY.

New Store on North Front Street Formally Opens To-Day.

The People's Supply Company, recently incorporated with ample capital to do a first-class retail staple and fancy grocery business in this city, will formally open its handsome new store in the I. Shrier building on North Front street, this morning. Mr. McClellan, a gentleman of experience and engaging manner, will be in charge as general manager and will open with a stock second to none in this city. The store is right up with the times and the gentlemen behind the business propose to keep it up to that standard.

A complete stock of everything in the family grocery line will be kept and with square dealing, quick and accurate delivery of all orders, the enterprise is bound to succeed. The public is cordially invited to visit the store to day and take a look over the place.

Railroad Suit Dismissed.

The Fayetteville Observer says: "The case of D. S. Brown, administrator, vs. Atlantic Coast Line Railroad, was taken up in Superior Court this morning. This was a suit for $5,000 for the death of W. A. Brown, who was found dead alongside the track of the A. C. L. near Parkton, on July 2, 1904. After hearing the evidence of the plaintiff, Judge Moore dismissed the suit on the ground that according to his own evidence, the plaintiff was not entitled to recover damages. This evidence was to the fact that the plaintiff was walking alone the railroad track, or was sitting down on the track, when he was struck by an engine belonging to the defendant company. The plaintiff had been drinking. The Judge decided that the plaintiff had to be lying on the track, before he could show a reason for recovering damages."

He Was From Fayetteville.

Willie McMillan, colored, of Fayetteville, a Federal Court attendant, was picked up a little after Monday midnight in a woefully drunken condition, on North Fourth street. He had been put off a street car, lost his hat and had been ejected from B. C. Moore's drug store, when the officer appeared on the scene. McMillan was in an apologetic mood and told the officer that he was a Methodist and ashamed of his condition. The officer told him he thought he must be a Baptist from the "immersion" he had. He was taken to jail and taxed with the cost in Justice Furlong's court yesterday.

Armstrong, Wednesday evening, November fifteenth, Nineteen hundred and five at six-thirty o'clock, Methodist Episcopal church, Rocky Point, North Carolina."

AFTERNOON WEDDING

Miss Olive L. Armstrong and Mr. George Davis Crow Joined In Marriage

HOME OF BRIDE'S PARENTS

Pretty Complimentary German to Party by L'Arioso Club in Masonic Temple Last Night—Extensive Bridal Tour North.

In the presence of relatives and only a few very intimate friends of the parties to the solemn vows, the marriage of Miss Olive L. Armstrong and Mr. George Davis Crow was celebrated at half after five o'clock yesterday afternoon at the home of the bride's parents, Mr. and Mrs. John S. Armstrong, No. 117 South Fourth street. The wedding was pretty for its simplicity and charming for the precision in which every detail of the arrangements was carried out. The marriage was according to the beautiful service of the Episcopal church, the Rev. Richard W. Hogue, rector of Saint James' parish, having officiated.

The parlors of the home were tastefully decorated with evergreens and flowers while the wedding scene was softly lighted with pretty effect. The vows were plighted with much impressiveness at a beautiful, improvised altar at an advantageous position in the rooms. The wedding marches were rendered by Miss Belle Anderson, at the piano, with violin accompaniment by Mr. Cameron F. McRae. Little Misses Marjorie and Dorothy Armstrong, clad in pretty white and blue, drew the ribbons at the altar, the bride having joined the groom at the head of the stairs and proceeded with due reference to other members of the bridal party for the solemnization of the nuptials. The bride was attended by her sister, Miss Beulah Armstrong, as maid of honor, while the groom was accompanied by his brother, Mr. W. C. Crow, as best man. The ushers were Messrs. Joseph S. Armstrong, Jr., and Mr. Emmett Crow, brothers of the bride and groom respectively.

The bride was attired in an exquisite costume of white crepe de chine, trimmed in pearl passamentrie and real lace. She carried a bouquet of bride's roses. The maid of honor wore a very handsome Princess gown of blue pompadour silk and carried a bouquet of white carnations.

From 6 to 8 o'clock yesterday evening an elaborate reception was given at the Armstrong home and at 6:50 o'clock the bride and groom left on the northbound Atlantic Coast Line train for an extended bridal tour North. They will return within about ten days and be at home in this city where they have a large number of friends. The bride is much loved and admired in a wide circle of friends and acquaintances here and elsewhere and the groom is held in the very highest esteem in the social and business world of Wilmington.

In honor of the bridal party L'Arioso German Club last night gave a delightful dance in the Masonic Temple. Excellent music was furnished by Hollowbush's Academy Orchestra, and the decorations were very pretty, the words "Crow-Armstrong" having been very prettily executed in floral letters on the south wall of the ball room. The figures of the german were led by Mr. Clayton Giles, Jr., and among the couples present were:

Miss Anderson with Mr. H. M. Chase; Mr. and Mrs. F. W. Dick; Miss Annie Barnes, of Murfresboro, N. C., with Mr. P. W. Davis; Miss Alice Borden with Mr. C. McD. Mrs. Bridger is a sister of Mrs. W. A. Rourk and Messrs. B. O. and R. R. Stone, of this city. Mrs. Bridger is confined to her home by illness, and was unable to attend the funeral of the child, which was conducted from the family residence Monday afternoon at 4 o'clock. The interment was in the family burying ground near the home.

WOULD SHOOT CONSTABLE

Crazy Negro With Old Army Musket Makes It Hot For Township Officer Savage.

Having disarmed him of an old-fashioned shot gun with which he had met him at the door, Constable W. B. Savage had a desperate hand to hand conflict with Henry Pigford, a big and powerful old negro whom he went to arrest yesterday morning between 8 and 9 o'clock at the rear of Col. Thos. Evans' residence, on Third street, near Chesnut. Old Man Pigford, who claims to be a preacher, has been regarded for a long time as harmlessly insane and had been employed as a servant about the residence of Col. Evans, living in a two-story apartment for servants at the rear of the house. Lately the old man has manifested signs of viciousness and only the day before the assault yesterday, he was before the Mayor for slapping his wife. The warrant, however, was withdrawn and Pigford was released. The same afternoon Susan Bell, a colored woman, went to the house to see the wife of the old man but no sooner had she appeared on the threshold than Pigford caught her and beat her severely. She broke away and ran to Justice Bornemann's office as soon as she could and had a warrant issued for the man's arrest that night. Justice Bornemann held the warrant until yesterday morning when it was placed in the hands of Constable Savage for service. The officer went over to the house, ascended the steps but when Pigford opened the door he poked a long-barrelled shot gun in the constable's face and told him to stand back. There's no such word as "stand-back" in Constable Savage's vocabulary and not desiring a charge of buck shot in his front, he closed in on the old negro and together they fell to the floor, clutched in mortal combat. Over and over on the floor they rolled, first one "to the good" and then the other. The officer saw the struggle was to be prolonged as when he got the negro to the door, he took hold and would not budge. A colored woman was sent to the City Hall, across the street, for assistance and Policeman E. L. Smith responded. The two officers managed to land Pigford in jail. He will be given preliminary trial before Justice Bornemann at 10:30 o'clock this morning.

Pigford has previously been declared insane and committed to the County Home but some time ago his people promised to take care of him and he was released. He will probably be sent again to the county farm.

The gun with which he attacked the officer is an old flint and steel converted into a shot gun, the barrel being about 5 feet long, of the old musket pattern. It was cocked and primed when he drew it on Constable Savage and when the load was later taken out of the gun in Jutsice Bornemann's court it was found to consist of a handful of powder with an old rag full of buck shot. Constable Savage shivered way down in his boots when he saw just what did come out of that barrel.

WILMINGTON, N. C.

Wednesday Morning, November 1.

THE CZAR'S INDECISION.

The troubles which have brought about a revolution from autocracy to liberal government in Russia were clearly because of Emperor Nicholas' indecision. The man or Emperor, as you may see fit to call him, did not seem to be in touch with the people, for he failed to see that the spirit for liberty was not only strong among his people but was ever gathering force. His failure to see that autocracy was doomed and his indecision to act in giving the people a share in what ought have been their government and not his is logically responsible for the anarchy, riot and bloodshed in his empire. He is evidently not a farsighted man in that he failed to see the handwriting on the wall. He absolutely was incapable of realizing that his one-man power was doomed or he was so drunk with power as to believe that he could defy the people and shoot them down with his army in his determination to hold sway as the absolute monarch of 135,000,000 of people. He failed to prove himself a wise man and make the concessions demanded so strongly and persistently by the people. In the final loosening of the shackles, he will, therefore, get no credit, but the fact is he resisted to the last the demands for a share of freedom. His indecision led him to dally and procrastinate in offering even limited representation to the people, which he had long promised but failed to carry out, till finally in the face of a successful revolution he had to be urged and coaxed into concessions by the master mind of Count Witte. Witte, therefore, deserves the honor as the deliverer of the people, and also as the preserver of the Czar, if indeed he is permitted to rule Russia as a mere figurehead, with all his power gone under a constitutional government in which hereafter the laws will be made by the peoples' representatives in parliament and the affairs of the nation be attended to by a cabinet responsible to the parliament and not to the Czar.

To the observer of events the movement against absolutism in Russia was well organized and strong. There was a cohesiveness in those so-called strikes that was omnious. The people seemed to be well knit together, with a fixedness of purpose that should have warned the Czar that he must give way to the popular will. It was simply another illustration that you can't fool all the people all the time.

It was patent that there was no "strike" in Russia but that it was a blow for liberty. With the people overwhelmingly against him, the Czar pinned his hope to the loyalty of his tremendous army. However, the mutinous spirit in his navy and perhaps in his army might have been a warning to him that he was leaning on a lame stick. The cablegrams let slip some secrets which escaped the notice of the press censors now and then. One a few days ago that many officers in the army expressed a willingness to join the "strike" if the strikers would wear the army uniform. When the truth comes out it will be found that the Czar realized at last that he could not depend on his army and that was doubtless Count Witte's strongest argument to induce the Emperor to sign that historic manifesto which gives the people a certain amount of liberty and more of which they will take to themselves in the future.

The liberty-loving people of the United States always rejoice to see people everywhere coming into a share of the liberty to which they are entitled, and they wish no harm to the Czar when the universal sense of our people is that of great satisfaction at the dawn of liberty for the long down-trodden people of Russia.

Monday, October 30th, was certainly a momentous day in history.

It is said that ducks are getting plentiful along the coast and that former President Grover Cleveland is getting ready to go after them. We state this in order that the women suffragists need not waste any more time throwing up breastworks in anticipation of another attack from the duck hunter.

CURRENT COMMENT.

—A silence contest is about the only one in which Senator Chauncey M. Depew would be entitled to honorable mention these days.—Charleston News and Courier.

—It would appear to be time for the Senators to hold a conference and agree upon how many ways there are of not enacting railway rate legislation.—Washington Post.

—Mr. Aycock says there is not political ring in North Carolina, but he may have reasons for changing his opinion if he goes after Mr. Simmons' job in earnest.—Durham Herald.

—Governor Davis extended the glad hand to the President and welcomed him to Arkansas, and Gov. Vardaman of Mississippi became at once the lonesomest man in the country.—Chicago Tribune.

—The Seaboard Air Line Railroad Company recently placed orders for 20 road engines and 1,500 freight cars, to cost nearly $3,000,000. This is another evidence of the growth of business in the South—Charlotte Observer.

—Strange how the "itch" for office inclines people to say all sorts of ugly things of others who have the same sort of malady. For instance "Bob" Taylor and "Ned" Carmack. Both are fine fellows and everybody knows it, and besides no unbiased voter believes any of the ugly things one says of the other. They ought to quit it.—Chattanooga Times.

—During the fiscal year ending June 30, the total cost of running the U. S. navy was $134,730,057. The largest item in the list of expenditures was one of 36,604,266 for the construction of new ships, including the cost of labor and material. It cost $19,831,938 to maintain the vessels in commission, with the exception of receiving ships including the pay of officers and men, subsistence and incidental expenses.—Boston Commercial Bulletin.

—Nothing more preposterous has occurred in the whole insurance scandal than the appointment of a committee by that impudent old scamp Missionary McCurdy to certify that he 'has been honest and conscientious.' Three trustees have been selected for the task. Before they begin, a fellow trustee, one of the subsidary parasites, makes formal announcement of what their report will be after they have 'investigated.'—New York World.

—It was stated somewhere just after the strawberry trouble, last spring, that the Armour Company, in view of its "heavy losses"—It paid out over $80,000 for destroyed berries—would not again haul the crop. The Wilmington Star, of yesterday, however, says that the Armour lines will furnish the cars again next season and that the contract signed with the Coast Line places the minimum car guarantee at 1,800.—Charlotte Chronicle.

—The papers continue to roast Raleigh for holding up fair visitors for all it could make out of them. One man saw a licensed flim-flammer on the fair grounds rob an unwary customer of ten dollars and protested. He was cursed for his good Samaritanism and was not able to mend matters by calling on the police. Street car fares were doubled, and other bad things were done which caused one of the Raleigh papers to publish a warning. The man who wants to move the State Fair from Raleigh ought to keep on bestirring himself.—Gastonia Gazette.

TWINKLINGS.

—Mary—Will Helen join our box party to-night? Jane—No, poor girl; she can't talk above a whisper."—Indianapolis Star.

—Poet—This, sir, is the only poem I ever wrote. Editor—Well, cheer up. Nobody's going to take it away from you.—Cleveland Leader.

—First Chauffeur—There's one thing I hate to run over, and that's a baby. Second Chauffeur—So do I. them mursing-bottles raise cain with tires!—Puck.

—Idun—There I may take it that you have sympathy for the old soldiers who are starving? Broke—My dear, sir, I have nothing but sympathy!—Illustrated Bits.

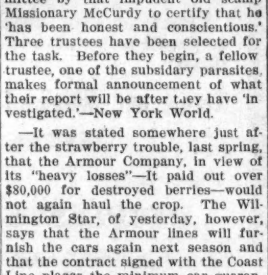
—"I see that Poe failed to gain admission to the Hall of Fame." "What's the matter? Has some woman been publishing the love letters he wrote to her?"—Chicago Record-Herald.

—"Is it customary to tip the waiter in this place?" "Why—ah—yes, sir." "Then hand me a tip. I've waited three-quarters of an hour for that steak I ordered."—Cleveland Leader.

—Mr. Fighter—I see they are wearing gowns longer this year. Mrs. Fighter (savagely)—Well, if they wear 'em any longer than I do they will have to make them out of chain mail.—Chicago News.

—"Remember," said the grave counsellor, "that much money does not necessarily indicate great success." "No," answered the ambitious youth; "but its entire absence is a sure sign of failure."—Washington Star.

—"How did you like my talk last night?" asked the beginner in the lecture field. "Well," replied the candid critic, "you didn't take advantage of your many opportunities." "I didn't?" "No, you had a number of opportunities to quit before you did."—Philadelphia Press.



"I enjoyed good health until about two years ago when I noticed my back began to ache frequently; it became sore and lame, and headache soon added to my misery; also found that my general health diminished. I became thin and weak and nervous, having severe pains at regular intervals," writes Mrs. Augustus Emory, Treasurer New Century Club, 34 Dean Street (Roxbury), Boston, Mass. She continues: "My work which before had seemed an easy task soon seemed like a heavy burden. I decided to try Dr. Pierce's Favorite Prescription, which several of my friends praised so highly. I felt relief within a week, my appetite came back, the pains gradually decreased and I enjoyed sound sleep. Within fourteen weeks I had completely recovered my health. I seemed built up anew, my pulse, which had been weak became normal, and new life animated my entire being. I gladly endorse your medicine."

Doctor Pierce's Favorite Prescription restores weak and sick women to sound health, by curing the local womanly diseases which are generally responsible for the failure of the general health. A woman's entire being is centered in her womanly nature. When the delicate womanly organism is attacked by disease; when there is irregularity or a disagreeable drain; when inflammation burns and ulcers gnaw the general health will reflect the progress of disease, in increasing weakness, nervousness, backache, headache, loss of appetite and sleeplessness.

So sure of it is the World's Dispensary Medical Association, of Buffalo, N. Y., proprietors of Dr. Pierce's Favorite Prescription, that they offer $500 reward for women who cannot be cured of Leucorrhea, Female weakness, Prolapsus, or Falling of Womb. All they ask is a fair and reasonable trial of their means of cure.

Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.

THE COTTON MARKETS.

New York, October 31.—The cotton market opened higher and ruled irregular during the morning, to ease off in the afternoon in spite of several bullish items, and closed steady at a net decline of 7 to 12 points. Sales were estimated at 375,000 bales. The opening was steady at an advance of 4 to 6 points in response to higher cables and the favorable interpretation of the Russian news but there was quite a good deal of realizing at the advance in spite of unfavorable weather reports from the Southwest, and with fresh demand very slack, prices eased off during the early session to a net loss of about 4 to 8 points. At the decline covering by yesterday's sellers in anticipation of a bullish bureau report at midday rallied the market to practically the closing figures of yesterday and during the late morning the market, while quiet, held fairly steady. The weekly report proved bullish and was closely followed by the report of the Southern Cotton Association's estimating the crop at only 9,444,000 bales, but with the exception of a brief spurt of 3 or 4 points the market paid no attention to these reports and later sold off under realizing and bear pressure. The close was within 2 or 3 points of the lowest. Heavy receipts for the day were against fresh demand, but the Southern spot markets were generally steady and unchanged to 3-16 higher.

Receipts of cotton at the ports today were 81,686 bales against 62,962 last week and 86,638 last year. For the week estimated 310,000 bales against 293,913 last week and 440,929 last year. SPIRITS TURPENTINE.

—Congressman G. B. Patterson, of Maxton, has returned from an extended Western trip. He has been spending some weeks with his brother, Mr. J. Archie Patterson, in Stockton, Cal.

—Miss Mary E. Page has presented the town of Aberdeen with a $3,000 library in memory of her father, the late Colonel A. F. Page, and has placed it management in the hands of a board of directors to be named by herself. The initial board are J. J. Heckart, chairman; Andrew Luke, J. A. Bryant, B. D. Wilson and C. N. Blue.

—Lumberton Robesonian: Mr. C. N. Blue, superintendent of the A. & R. Ry., and Miss Grace Sikes, of Red Springs, were married in the Presbyterian church in Red Springs, Wednesday evening at 6 o'clock. After the marriage the bridal party left for Philadelphia and other northern cities. After December 2nd, Mr. and Mrs. Blue will make their home at Aberdeen, N. C.

—Lumberton Argus: Wonder why some one does not undertake to raise enough celery to at least supply the home-market? It is unreasonable to have to pay ten cents for a small bunch of celery and few can afford to do it. A considerable amount could be sold here for five cents a bunch and there would be money in it at that price to the grower. We suggest that some one look into the matter.

—Charlotte Observer: The construction of an office building for the exclusive use of the Charlotte lawyers has been frequently discussed in the city for the past several months. Some time ago a canvass of the b. was taken and it was found that the great majority were in favor of the scheme. The proposition reached the stage where stock in the new building was pledged by a number of lawyers. A meeting of those interested in the proposed scheme was held in the law library room yesterday afternoon. Mr. T. C. Guthrie was called to the chair and the matter was discussed at great length. Mr. Guthrie appointed the following to act on this committee: Messrs. Heriot Clarkson Cameron Morrison, C. C. McMichael, Brevard Nixon, H. N. Pharr, A. B. ustice and Chase Brenizer. The meeting adjourned to assemble again Friday afternoon at 4 o'clock for the purpose of hearing from the above committee.

—Charlotte Observer: There are many evidences of prosperity in the county. This fact has been noted from time to time and many interesting incidents have been related in support to the claim. It is worthy or especial note that this healthy condition of affairs is not confined to any one class, but on the contrary, is very general in its application. A well-known real estate dealer stated to an Observer reporter, yesterday, that he had just disposed of four tracts of land, of from 12 to 20 acres each, to colored farmers living near Charlotte at a purchase price of from $40 to $50 per acre. He further stated that the day seldom passed but that he was consulted with reference to the sale of land near Charlotte and in a number of these cases those desiring to buy were negroes. They have sold their cotton," said he, "at 10 cents, and have several hundred dollars of surplus money. This they are putting in land. It is their purpose to run small farms, truck on a small scale, and, in a measure, try to supply the local trade with the early garden products."

—Raleigh News and Observer, Oct. 31st: George Kerrall, of Marion, S. C., the holder of $10,000 bonds of the Carolina Northern Railroad Company has filed a pentition in the United States Cureuit Court at Raleigh, asking that the sale of the company's property, recently made by R. T. Gray, special master, for $268,000, be not confirmed, but that the railroad be operated for the benefit of the bondholders. The petitioner alleges that the operation of the road is profitable and that by reason of the development of its terminal towns, Lumberton, N. C. and Marion, S. C., and the intermediate country the profits will, within a few years, pay off the Receivers' Certificates outstanding against the property of the road and enable the interest on the bonds to be paid. He also alleges that a majority of the bondholders appointed a committee and refused to admit him to the benefits to accrue from the purchase of the road by the bondholders; also, inadequacy of the price bid. It is stated that the title of Mr. Kerrall to the bounds he holds is contested.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Wilmington.

Because it's the evidence of a Wilmington citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best of proof. Read it.:

H. W. Bragg, merchant and furniture manufacturer, of Second and Market streets, residing at 114 North Sixth street, says: "I used Doan's Kidney Pills and they proved to be a grand medicine, and I can also say that I suffered with my back for a long time. When I sat at my desk for a while and attempted to get up I would have to catch hold of the chair for support and straighten myself up gradually. The kidney secretions were dark colored and full of sediment. I read about Doan's Kidney Pills is our papers and went to R. R. Bellamy's drug store and got a box. Since using them my back is strong and I can move about and stand up as straight as ever and the kidney secretions have all cleared up. You may use my name as an endorser of the claims made for Doan's Kidney Pills and also Doan's Ointment which I used with good results."

THE DOCTOR

Prescribed Vinol for the Son of a Prominent Clothier.

Mr. Leo G. Heilbrun, of Decatur, Ill., writes: "It is a pleasure for me to endorse Vinol after what it has done for my son Herbert. He was in a delicate condition and had no appetite. Our physician suggested Vinol, and it has proved highly beneficial, building up his appetite, increasing his flesh and improving his health generally."

HERBERT HEILBRUN.

Druggist Robert R. Bellamy says: "There is nothing like Vinol for growing children. It makes new vitality, sound flesh and muscle tissue, and rich pure, red blood, and many letters have been received from grateful fathers and mothers whose children owe their health, and even life, to Vinol.

"The reason Vinol is so far superior to all other tonics and cod liver oil preparations for children is because it contains, in a concentrated form, all of the strengthening, body-building elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease, and it does not upset their weak, delicate stomachs like old-fashioned cod liver oil and emulsions, but is easily assimilated, and is so delicious that children all love it."

Continued Mr. Bellamy, "We cannot recommend Vinol too highly for puny, weak and ailing children, to build up the run-down, overworked, tired and debilitated, or to give renewed vitality to the aged. So sure are we of what it will do that we cheerfully refund the money in every case where it fails.' ROBERT R. BELLAMY, Druggist. **

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs, it allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, billiousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At R. R. Bellamy's drug store. Price 50c. Guaranteed. **

Full of Tragic Meaning.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At R. R. Bellamy, druggist; guaranteed; 50c and $1.00. Trial bottle free.

IS THAT AN ONION YOU'RE SMOKING?

Only a joke between two friends, of course; but there's a foundation for the jest when some cigars are smoked. Why not get a good "weed" when the Vann's Special is sold at retail for so low a price? What price? 5 cents for one, $2.25 for a box of 50. Your friend will ask you what you're smoking only to get a similar cigar for himself.

CAMBRIDGE MURDER MYSTERY IS SOLVED

Nathan Confesses to His Part in Tragedy—Doctor Who Dismembered Girl's Body Located.

Boston, Mass., Oct. 31.—Just before leaving his office at police headquarters tonight, Chief Inspector W B. Watts stated that the doctor who dismember the body of Susan A. Greary, the suit-case victim, had been located. He did not expect, however, that any arrest would be made for a day or two, intimating that the police were awaiting something more definite from Morris Nathan, the lover of the girl.

The theory of the police regarding the whole affair, in which the most serious charge can only be manslaughter, is that Miss Geary went to a woman and submitted to an illegal operation. The operation was not a success, but before the girl died a male physician was called in and he attempted to save the girl's life by a second operation for peritonitis. Miss Geary died, the doctor then dismembered the body and distributed portions of it in two suit cases, which were subsequently found.

The charge against the woman can only be one of manslaghter, while according to Superintendent Pierce, of the local force, it will be difficult to bring any charge against Nathan unless he should be accused of concealing a crime.

Mrs. Geary, the mother of the unfortunate girl, accompanied by her daughter, Evelyn, had a long conference with the Cambridge police officials this forenoon, during which she denied that she knew of her daughter's trouble and expressed her belief in Nathan's innocence.

Nathan Confesses.

Pittsburg, Pa., Oct. 31.—With the reluctant consent of his attorneys and against the advice of the physician called in, Morris Nathan, arrested here in connection with the Winthrop suit-case mystery, voluntarily left the city tonight at 11 o'clock for Boston, in the custody of Silas P. Smith, of the Massachusetts State constabulary.

Inspector McGarr of the Boston Metropolitan police remains here to further interrogate tomorrow members of the "Shepherd King" theatrical company, of which Nathan was a member.

Nathan was in such an extreme state of nervousness today that officers Dunn and Dennison were detailed to guard his cell, lest he do himself harm.

Information as to the result of the examination was withheld other than that with what the officers had learned the mystery had been solved and arrests in Boston would be the final chapter of the case.

One of the reasons assigned for the prisoner's nervousness was that his cell in police headquarters was just across the alley from the Nixon theatre, where the "Shepherd King" is being performed and the strains of the music for the dance in which Miss Geary formerly participated, were distinctly audible to the prisoner at each performance.

"There is no doubt in my mind that this so-called famous Winthrop suit case mystery has been cleared. Morris Nathan, the young man now in custody, admitted this afternoon that he is responsible for Miss Geary's condition and that he endeavored to get her out of the trouble. From the admissions made by Nathan there will undoubtedly be something doing soon. While the demands of courtesy prohibit me from giving out information which rightfully belongs to the Boston authorities, I will say that a man and woman will be arrested shortly and this suit case mystery will be cleared without a doubt."

The above statement was given by Director Harry Moore, of the public safety department this afternoon.

FEVER RECORD IN NEW ORLEANS.

Three New Cases and Two Deaths Yesterday—Closing Fight.

By Wire to The Morning Star.

New Orleans, Oct. 31.—The following is the official summary of the yellow fever record in New Orleans up to 6 P. M. to-day:

New cases to-day, 3; total cases to date, 3,396.

Deaths to-day, 2; total deaths to date, 446.

New focus, 1.

Cases under treatment, 24.

Cases discharged, 2,926.

The break up of the Federal forces which have been engaged in the fight against yellow fever began to-day with the receipt of orders from Surgeon-General Wyman, notifying Dr. White that eleven members of the force should be sent back to their respective station. Today the officers completed their reports and left. Further discharges of men were made to-day, cutting down the force of employes to one hundred, which is considered ample to do the remainder of the work necessary here.

OLD NICK WILLIAMS' CASE.

Mistrial Ordered and Hearing Begins Anew at Greensboro.

By Wire to The Morning Star.

Greensboro, N. C., Oct. 31.—For the second time the trial of the cases against the Old Nick Williams Distilling Company, N. Glenn Williams and D. E. Kennedy, charged with conducting a distillery and refinery for the purpose of defrauding the government, and with other violations of internal revenue laws, has been commenced in the Federal court. When court convened today it was announced that Juror Thomas G. Wilson, of Rockingham county, whose illness had prevented court on Monday, was still very sick and his condition less favorable than on the day before. After some discussion, it was decided to order a mistrial in the case, select a new jury and begin the trial anew. This afternoon the trial of the case was begun. District Attorney Holton read the bill of indictment. The case will last for two weeks or more.

RUSSIANS DAZED WITH NEW ORDER

Tremendous Demonstrations By Populace in St. Petersburg and Other Cities

NUMBERS SLAIN IN STREETS

Police and Soldiers Shoot Into Disorderly Mobs—Attempts to Release Political Prisoners Stayed by Promise of Amnesty.

By Cable to The Morning Star.

St. Petersburg, Oct. 31.—All Russia today celebrated enthusiastically the Emperor's gift of freedom, which the greater part of the people received with deepest joy, though in St. Petersburg, Moscow and other cities, socialist and revolutionaries organized anti-government demonstrations and red flag parades, which with the patriotic manifestations led to a number of conflicts between the "red and whites," as the anti-government and royalist factions are respectively termed. On the whole the day passed more quietly in Russia than had been expected, though collisions between the people and the troops are reported from various places resulting in loss of life.

In each of the two capitals, St. Petersburg and Moscow, the day was one such as the Russians never before have seen. The Slavic people which during the long war just closed, and the anxious period preceding the announcement of the era of constitutionalism seemed self-restrained and apathetic, gave itself up fully to the exuberance of the moment and spent the entire day in parades and assemblies which for the first time in the history of Russia were freely permitted. Under the orders of Count Witte and General Trepoff the troops generally were withdrawn from the streets of the cities and the fullest reign given the people to let out their enthusiasm in demonstrations which so long as they were not destructive were not interfered with.

It was a significant omen that after a fortnight of gloomy and depressing weather symbolic of the days of the strike, the sun shone out brightly today in St. Petersburg and brought a radiant Indian summer day. The scenes in St. Petersburg reminded the observer of events in an American university town after a great football victory, but a thousand times magnified. From early morning the streets of the capital were filled with a mass of demonstrators who paraded up and down the long and broad Novsky Prospect and tramped time and again the route between the two principal centers of demonstration, the Kazan cathedral and the university, and, constantly augmenting, reached a grand total of fully 200,000 persons.

Quite late in the afternoon socialist agitators consisting of both students and women, and members of revolutionary organizations jumped into the forefront of affairs in St. Petersburg and converted the celebration into a great revolutionary demonstration.

There were processions in which hundreds of red flags were carried and to which every one was compelled to doff their hat. A great majority of the paraders flaunted on the lapels of their coats rosettes and streamers of crimson ribbon, and socialist orators delivered fiery orations from the balconies of the university and the portico of the cathedral or wherever they could gather audiences. They declared the concessions of the Emperor' manifesto were insufficient, and that they must have the freedom of all political prisoners, the formation of a national militia and the banishment of General Trepoff and all the troops under his command 20 miles from the capital.

Early in the day the Marsellaise supplanted the national anthem as the popular marching song. The loyalists attempted to take the lead against the socialists and revolutionists by organizing counter parades in which they carried the red, white and blue banners of Russia and chanted the national anthem; but they were driven off the Novsky Prospect by the overwhelming numbers of the "reds" everytime they appeared.

In the early part of the day great crowds of spectators filled the broad sidewalks and remained until the demonstrations assumed so turbulent a character that the well intentioned classes fled to their homes and the merchants hastily boarded up the windows of their stores and shops and barred their doors, fearing an outbreak which might result in pillage and destruction. Such an outbreak, however, did not occcr, and the day closed without serious collisions.

The major portion of the citizens, tired out by the long celebration of the first day of Russian liberty, went to bed and at midnight the Novsky Prospect was deserted, except for crowds of roughs, armed with clubs, who paraded the avenues singing the national anthem as well as revolutionary songs and who had frequent collisions with each other during which shots were fired.

The most serious encounter during the day took place near the barracks of the Seminoff regiment, where a crowd of demonstrants in attempting to march to the Technological Institute was stopped by troops. Shots were fired on both sides with the result that one man was killed and ten wounded. A prominent lawyer and a professor were wounded in a collision at the Polytechnic school. Another fatality resulted from the demand made by the crowds that hats be doffed before the red flags. An officer who refused to obey the command was set on and beaten with the staffs of flags when he drew a revolver and fired a number of shots, killing one person. In an affray at the Putiloff works between strikers and non-strikers several men were badly beaten. Ten or twelve men were wounded in the conflicts on the Novsky Prospect. During the evening rumors of collisions resulting in heavy fatalities attained wide circulation but the Associated Press is unable to confirm them and it is officially stated that beyond the fatalities mentioned above no one was killed today. The authorities, however, are more apprehensive for tomorrow, when the liquor shops, which for the most part were closed today, will be open, and when the agitators, after a day's incendiary speech es, may be able to work a portion of the population to the point of a serious encounter with troops or with the loyalists.

The soldiers off duty today mingled freely with the demonstrators and fraternized with the populace. A number of them including several officers, placed themselves at the head of one procession, provoking wild cheers.

A feature of the day was the intense enmity displayed by the orators against General Trepoff, the agitators universally demanding his removal, and at a great meeting in the university tonight one orator openly called for a volunteer to kill him. Count Witte, however, does not seem inclined to throw him overboard, at least for the present, and has also refused the proposals for the removal of the troops as sheer folly.

The forthcoming amnesty for political prisoners announced by Count Witte served to defeat a number of attempts made by agitators to stir the crowds up to attack the St. Petersburg institution in which political prisoners are detained, but which is strongly guarded by troops.

During the afternoon Count Witte announced to a friend that he was not without hope that universal suffrage would be introduced before the elections for the State douma took place.

This announcement when it spreads among the liberals will enroll many of the latter among the friends of the new government against the socialists who announced that they will be satisfied with nothing less than a democratic republic on the basis of state socialism.

Constantin Petrovitch Pobiedonostseff, chief procurator of the Holy Synod, has resigned.

Rejoicing and Rioting at Moscow.

Moscow, Oct. 31.—There were public rejoicing here to-day over the Emperor's manifesto and the strikers resumed work. Many meetings were held in the streets and one at the university where Prof. Manuiloff addressed the students. The crowd formed a procession in which there were 10,000 persons and paraded through the streets singing patriotic songs, proceeding towards the resident of Governor-General Hurnovo for the purpose of demanding the liberation of political prisoners. On the way they met a force of policemen escorting a body of prisoners whom the crowd wanted released. A conflict ensued, in which, there was firing on both sides and two persons were killed and some injured.

Finish Senators Resign.

Helsinfos, Finland, Oct. 31.—The proclamation of civil liberty in Russia was followed to-day by the announcement of a return of a constitutional regime in Finland, and the abolition of the arbitrary conditions under which Finland has been governed since the assassination of Governor-General of Count Bebrikoff. After a meeting of constitutionalists to-day at which an address was drawn up for presentation to the government, demanding the administration of Finland in accordance with the terms of the constitution of the grand duchy, Prince John Oberlensky, the governor-general, announced to a deputation sent by the meeting that he had been instructed from St. Petersburg that the diet be immediately called in extratordinary session to legislate for Finland. Thereupon the Senators who had continued to perform their functions under Obolensky, resigned.

Considerable excitement prevailed during the meeting of the constitutionalists and while the deputation was waiting for an answer, but after the resignation of the Senators had been proclaimed to the crowd from the balcony of the Senate, order was restored. When it was announced to the crowd outside Prince Obelinsky's residence that the Senators had resigned, a false cry of "The Cossacks are coming," caused a panic in which thirty-one persons were injured.

Fifteen Killed in Poland.

Pablaice, Russian, Poland, October 31.—Infantry fired on a procession of workmen here this afternoon, killing eight and wounding twenty-four.

Lodz, Russian, Poland, October 31.—The situation here to-night is extremely serious. The general strike is still in progress. Several collisions occurred between the mobs and the troops on Piotrokowski street at 7 o'clock this evening. The infantry fired on the mobs, killing two persons and wounding three. An hour later on Konstantin street two persons were killed and eight wounded. At the same hour a collision took place in the suburb of Batuly, where three persons were killed and eight wounded. The military governor has ordered the troops to mercilessly quell all disorder.

Panic in Odessa.

Odessa, Oct. 31.—9:15 P. M. Something approaching a panic prevails in this city to-night. There is much indiscriminate shooting and bands of roughs are prowling in various quarters looking for opportunity to pillage.

It is openly stated that the police and military are indignant at the changed order of things resulting from Emperor's manifesto and are abetting the disorderly elements in order to give excuse for violence. With darkness came a serious outbreak when the roughs attacked the Jewish retail shops. It is reported that they were accompanied by fifty policemen disguished as workmen. The Cossacks, in aiding the shopkeepers, used their whips and the flats of their swords freely while the shopkeepers discharged revolvers and rifles on the crowd. It is reported that several persons were killed or wounded.

The students at a mass-meeting tonight decided to arm for self-defense. The situation is considered critical.

TO INSPECT RAILWAY LINES.

Governor to Beaufort; Corporation Commission Members to Mt Airy.

(Special Star Telegram.)

Raleigh, N. C., Oct. 31.—Governor Glenn left for Beaufort to-day to inspect the Atlantic and North Carolina railroad and will tomorrow deliver an address in connection with the opening of the handsome new public school building there. He will return tomorrow night.

Members of the Corporation Commission left tonight for Mt. Airy to investigate complaints as to the condition of the road bed of the Atlantic and Yadkin division of the Southern railway, beyond Sanford from Wilmington.

THE PRESIDENT IN WASHINGTON

Arrived On Steamer Dolphin at 11:55 A. M. and Left Ship With Honors

ENJOYED SOUTHERN TOUR

Has Visited Every State in United States Since He Was President—Made Speech on Cruiser West Virginia.

By Wire to The Morning Star

Washington, Oct. 31.—President Roosevelt came ashore from the Dolphin at the Washington navy yard at 11:55 o'clock this forenoon and five minutes later he had left the yard for the White House in a carriage with Mrs. Roosevelt, and the trip was at an end which rounded out his tour of the entire United States during his presidency.

Ten minutes before the landing was made a salute of twenty-one guns was fired from the yard battery and immediately answered by the Dolphin. It took but ten minutes to make fast under the orders of Captain Gibbons. During this time the President, Secretary Loeb and Surgeon General Rixey stood on the upper deck at the stern. The President was much interested in the morning papers which had just been put aboard from the police boat Vigilant, which acted as escort to the Dolphin on her way to the wharf. When he looked up he caught sight of Mrs. Roosevelt and exchanged salutes. The crowd took up the greeting and the President smilingly acknowledged many signals of welcome.

As soon as the gang plank was in place Captain E. H. C. Lutz, commandant of the yard, went aboard and paid his official call on the President. This over, the "jackies" mounted the gun rail the entire length of the ship on the shore side and the President came ashore while the "bos'n's" pipe sounded.

During this mark of honor his flag came down from the masthead. As he stepped ashore the bugles sounded and the marine band played the "Star Spangled Banner." The President stood uncovered and the officers and marines stood at "attention."

At the conclusion of the tribute to the flag, Mrs. Roosevelt drove up from behind the guard, the President entered the carriage, warmly grasped the hand of his wife and his carriage proceeded out of the yard. The crowd voiced its sentiment of welcome, and as the many huge shops were passed the workmen rushed out and cheered.

"Glad to see you," shouted the President as he drove on. "Glad to see you back," came the voices from the shops.

Incidents on the Voyage.

President Roosevelt regards his Southern trip just ended as a most enjoyable and profitable experience. Particularly did he enjoy the sea voyage and the President expressed himself in the most enthusiastic terms regarding the ship's officers and the men of the squadron.

While at sea on Sunday, the President made a speech to the officers and men of the West Virginia. He had just completed an inspection of the entire ship. In the boiler room, a profusely decorated shovel was put into his hand and he was asked to throw a shovel of coal into a particular boiler. He threw in two, and the boiler was immediately christened the "Roosevelt boiler." The shovel was passed around that every stoker might shovel with it. It was then speedily demolished into bids, each bit being retained as a souvenir. At the conclusion of the speech the President was given three rousing cheers by the officers and men.

In his speech to the men, President Roosevelt said in part:

"It is a privilege for any President to come on board a squadron of American warships such as these, not alone to see the ships but to see the men who handle them. From the admiral down through the entire ship's company, every American should be proud of what I have seen aboard this ship; the discipline, the ready subordination of each man, whether officers or enlisted men to duty, the care taken of the men and in return the eager, intelligent, self-respecting zeal of each man in doing his work. What must impress especially any observer is how essential it is that every individual on a ship like these should do his whole duty and in any crisis more than his duty. Any man in the whole ship's company who does his full duty can claim as his own the honor and repute of the ship and has a right to feel a personal pride in all she does. You are doing your duty well and faithfully in peace. Remember that if ever, which may Heaven forbid, war comes, it will depend upon you and those like you whether the people of this country are to hold their heads even higher or to hang them in shame. I hope no such crisis will ever occur, but I have entire faith that if it ever does occur, you will rise level to any demand that may be made upon you, and that by the way you train yourselves and are trained in time of peace, you will fit yourselves to do well should war arise."

NEW YORK CITY ELECTION.

Jerome's Name Cannot Be Used on Republican Ballots.

By Wire to The Morning Star.

New York, Oct. 1.—Justice Stover in the New York State Supreme Court today denied an application by William Halpin, chairman of the Republican committee, for a mandamus to compel the board of elections to place the name of William T. Jerome in the Republican column of the official ballot as a nominee for district attorney. Justice Stover declared that the contemplated action was in violation of the plain provisions of the statute. As soon as the decision was announced Chairman Gilbert, of the Republican County Law Committee, announced that he had made arrangements for re-argument of the case at 11 o'clock tomorrow morning before the appellate division. Five of the justice of the appellate division have agreed to be in town at that time to listen to the case.

DISPENSARY CASE THROWN OUT

Judge Pritchard Sets Aside Proceedings in South Carolina Case.

By Wire to the Morning Star.

Asheville, N. C., Oct. 31.—Argument in the South Carolina dispensary case, in which J. G. Howell, of Union, S. C., seeks to compel the board of control of Union county to alow him to re-open the dispensary in Union, by claiming that the Brice bill, under which the election which resulted in the dispensary's being closed, is unconstitutional, came to an abrupt end today before the merits of the case were reached. Judge Pritchard, on his own motion raised the point that the relief demanded—a mandamus—would be improper in any event, that writ being used only to enforce the decrees of the court and after a brief argument he dismissed the petition without prejudice. Immediately thereafter, on motion of Howell's attorneys, the court issued a rule to show cause why a mandatory injunction should not be granted directed against the same defendants and in favor of the same complainant. The hearing was set for November 20 before Judge Pritchard at Richmond.

NEW REPUDIATED BOND MOVE.

Venezuela and Columbia May Attempt to Collect on Them.

New York, Oct. 31.—A committee from the North Carolina bond holders are planning a novel move by which it expects to compel North Carolina, and South Carolina, Georgia and other Southern tSates to redeem repudiated bonds amounting to about forty million dollars. Under the constitution of the United States a suit cannot be brought against a State by the citizens of another State or by the citizens or subjects of a foreign State; but under a recent decision of the Supreme Court the government may recover against any State of the Union. Venezuela and Columbia, it is reported, has consented to accept a gift of some repudiated bonds and will bring action upon them against the defaulting States.

PRETTY HALLOWE'EN PARTY.

Miss Katie Gieschen Delightfully Entertained at Howard Relief Club.

Miss Katie Gieschen gave a delighful Hallowe'en party last night in the Howard Relief Club rooms complimentary to a number of her young friends. There were about forty couples present and the evening was thoroughly enjoyed by everyone present. The feature was a spook parade in fantastic costume, the procession of sprightly spooks having been met by Memphisto, cleverly impersonated by Mr. Carl Fick, and having held ghostly carnival to the delight of the onlookers. The hall was very attractively decorated for the occasion and the effect of the parade was splendid. Miss Mildred Hunt presided at the piano and added no little to the success of the delightful affair.

Miss Gieschen was assisted in entertaining by Mrs. J. Theodore Runge, Miss Katie Fick and Miss Katie Mohr. Every one voted them most charming hostesses.

BULLISH COTTON REPORT.

Weather Bureau Reports Damaging Rains in Large Area.

By Wire to The Morning Star.

Washington, Oct. 31.—The weekly cotton region weather crop bulletin issued today by the Weather Bureau, says:

"In districts where the proportion of ungathered cotton is greatest, the weather conditions of the week ending October 30 were not favorable. Wet weather over a large part of the central and western districts of the cotton belt during the fore part of the week delayed cotton picking and caused injury to open cotton in northern Texas, Oklahoma and Indian Territories, Arkansas, the northern portions of Mississippi and Alabama and western Tennessee. As a whole the week was cool. Frosts occurred in the central and western districts, causing considerable damage in Tennessee, northern Mississippi and Oklahoma and Indian Territories, but practically none in Texas. In the Carolinas, Georgia and Florida the weather conditions were favorable. Picking is from one half to two thirds completed in Oklahoma and Indian Territories, Arkansas, and northwestern Mississippi; a much larger proportion of the crop has been gathered in other sections, picking being practically completed in the more southerly districts.

IMPROVED MENTALLY

Testimony of Man Who Was for Five Years Curse to Himself

KEELEY FINALLY REDEEMED

Treatment Improved Him Mentally and Morally—Restored Him to Himself and Family—Destroyed Desire to Drink Liquor.

The Keeley Institute, Greensboro, N. C.:

It is with pleasure that I give my testimony in behalf of the Keeley Treatment, and especially the Greensboro Institute. For five years or more, previous to June, 1901, I drank whiskey to excess, and finally the disease became so fastened upon me that I could not control myself. Realizing that I would be ruined if something was not done to relieve me of the terrible curse, I decided, as a final report, to take the Keeley Treatment. I entered the Greensboro Institute on June the 3d, 1901, and graduated four weeks later, a new man, physically mentally, and morally. Since taking the treatment my health has been good, and never for one moment have I had any desire for, or inclination to take a drink or anything containing alcohol. My sojourn at the Institute was pleasant, as everything was done by physician, manager and attendants to add to my comfort and pleasure. I thank God for the Keeley Treatment, and to all who may be so unfortunate as to be under the control of King Alcohol, I would say, "Go to Keeley and be cured." I say cured, because I know that I was diseased and am now fully restored to my normal condition. What the Keeley did for me it can do for others.

Hoping that my testimony may be the means of inducing some victim of strong drink to avail himself of the Keeley Cure, I am.

W. M. ROACH.
